

## A leader in duct fabrication & electrical works

---

## **QUALITY ON SITE**

---

# DELTA DERMITZAKIS

## COMPANY PROFILE

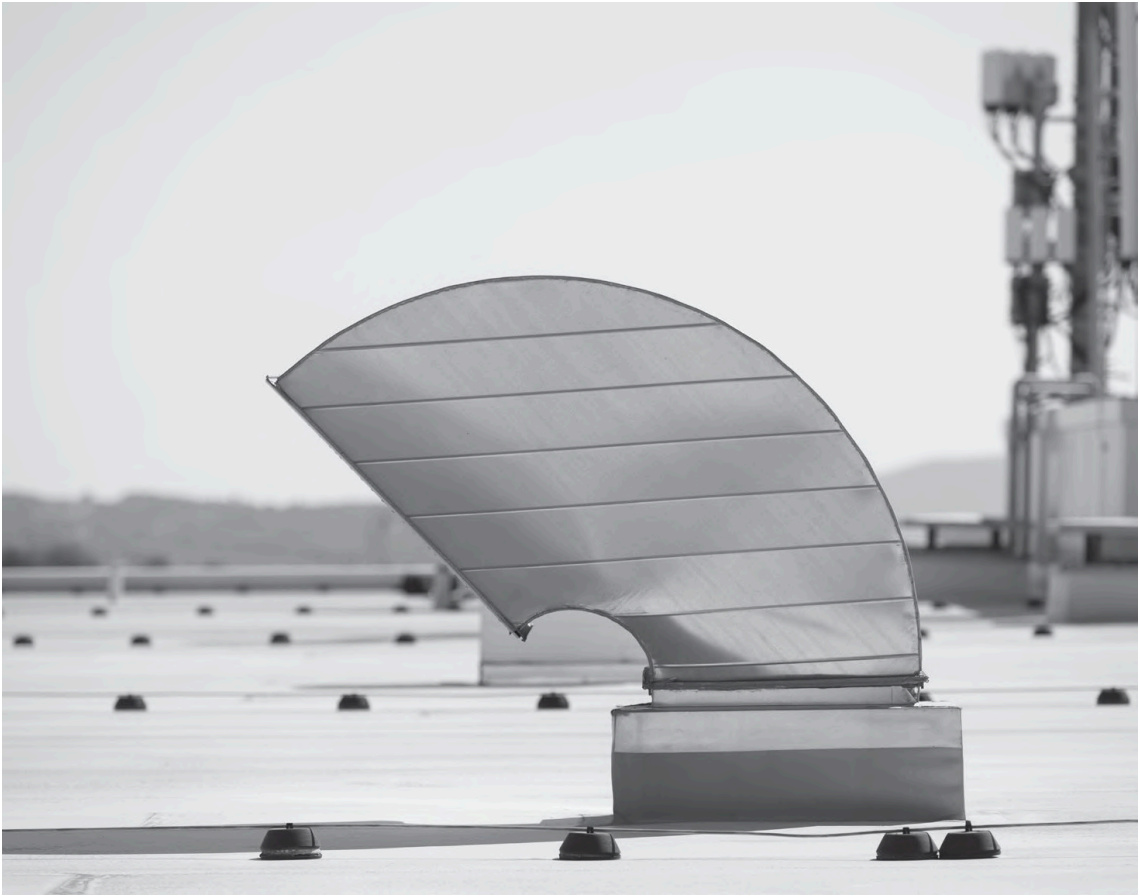

**Delta Dermitzakis**, consisting of **Delta Duct Dermitzakis** and **Delta Electrical Dermitzakis**, is a dynamic company in the field of ventilation – air conditioning systems and electrical works.

The companies (Delta Duct Dermitzakis and Delta Electrical Dermitzakis) provide a wide range of services in the field of construction of public and private building projects, small and large scale. Specifically, Delta Dermitzakis operates in the following sectors:

1. construction and installation of air conditioning and ventilation systems
2. electromechanical installations

Emphasizing the quality of implementation and the strict adherence to the technical specifications of the projects, Delta Dermitzakis has established trusted partnerships with the largest construction companies in the country and has a strong portfolio of projects in Greece and abroad.

The automated production combined with the high technical expertise of the human resources, allows Delta Dermitzakis a course of continuous development. The company's goal is to expand its activities in new markets, both in Greece and abroad, responding to the challenges of strict specifications.

---

## **DUCTS THAT SET STANDARDS**

---

# DELTA DUCT COMPANY PROFILE

**Delta Duct Dermitzakis**, was founded in 2014 by **Nikolaos Dermitzakis** with headquarters in the Acharnes Industrial Area. From 2014 until today, in collaboration with established technical companies, he has undertaken small and large-scale ventilation-air-conditioning systems projects in Greece and abroad.

Delta Duct Dermitzakis has an automated duct manufacturing unit in the Acharnes Industrial Area, while a new factory will soon be completed and put into full production operation, on a privately owned plot of 21,000 sq.m. in Oinofyta, which will cover the ever-increasing needs of the Greek market as well as abroad. In the immediate plans of the company is the creation of a model factory for the production of circular air ducts as well as rectangular air ducts, as well as the operation of a logistics department.

**QUALITY IN WORKS  
FROM START TO FINALIZATION**

# DELTA ELECTRICAL COMPANY PROFILE

**Delta Electrical Dermitzakis**, responsibly and reliably undertakes and implements electrical installations in high-demand projects. The company's portfolio consists of emblematic projects of a public and private nature, small and large scale.

## SERVICES

### Electrical installations of strong currents

1. Medium voltage: installation, connection and maintenance of Medium Voltage substations
2. Low voltage: installation and connection of electrical panels (general field of low voltage and subpanels)
3. Installation of supply cables of electrical panels, lighting, power supply and machinery
4. Cabling and programming of KNX automation systems, Byme
5. Installation and maintenance of Generators

### Electrical installations of weak currents

1. Structured cabling networks: cabling, termination and certification of Voice - Data - CCTV networks, as well as Fiber Optical networks
2. Wiring of alarm and fire detection networks
3. BMS System Wiring and Programming (AKE)
4. Announcement system wiring and connection

### Maintenance

Delta Electrical Dermitzakis offers electrical installation maintenance services, for every type of building (hotels, shopping centers, shops, offices, warehouses), with safety and quality.
